OWN THE COURT

K-Swiss was founded in 1966 by two Swiss brothers, entrepreneurs who moved to California to pursue their dream of starting their own footwear company. As avid skiers they drew inspiration from leather ski boots to create the first all-leather tennis shoe. Both sports share the need for innovative, high-performing, comfortable and supportive footwear.

For 55 years K-Swiss has specialized in tennis, continually pushing the boundaries of performance and driving constant innovation.
